The Cheesecake Factory Menu

Popular items and category favorites with 2026 prices and calories · Unofficial guide

This is the homepage menu in printable form: the same featured items, prices and calories shown on cheesecakefactorymenus.us. Prices are official ranges collected in September 2026 and re-verified in October 2026; they vary by location. **Confirm locally** means the homepage shows no verified range for that item, **—** means the homepage shows no price or calorie value there, and **varies** / **~** are shown exactly as on the site. **Seasonal now:** Pumpkin (1,040 cal) and Pumpkin Pecan (1,270 cal) cheesecakes are back for the fall season at participating locations.
